6.115 Final Project Lab Notebook
Hardware Implementation of Tinder
Andrew Xia

1   Overview of my Project

2   April 21, 2016

Goals I have for today / **accomplished**

- Set up github for version control of my lab notebook and code

- Build my initial

2.a   Adding github to my notebook

I am following the tutorial here to create a new github repository. It will be located in my 6.115 dropbox folder, and on my github account.
